

Welcome to Vinopolis Gastrobar!

All our wines are available by the bottle as well as by the glass thanks to the latest wine preservation technology – the Enomatic machines in the bar area and the Bermar system behind the bar.

The Enomatic wine serving system is a self-service machine that works with a prepaid card. To try a wine, please ask for assistance from our staff and they will provide you with a Vinopolis Gastrobar **“Wine Card”** which you can top up with credit and which will allow you to serve yourself a glass of the wine of your choice by inserting the card into the machine.

Also, if you would like to purchase a bottle of wine to take home please ask to see our retail price list and do not hesitate to approach our staff for advice.

We wish you a wonderful wine experience!
